

Pre- K and Kindergarten ages 4 and 5

This year parents can register Pre-k and Kindergarten students to receive our take home faith formation materials Children Celebrate. These materials will be supplemented by at home activities and small group meetings from September to December as we slowly reopen our programs.

Additional resources and activities can be found on the Faith Formation webpage. Weekly videos on the Gospels will be shared along with craft ideas and coloring pages for children to complete at home. Once enrolled, you will receive additional emails about small group meetings at our local parks. We will share in prayer and fellowship as we continue to navigate reopening following all the guidelines for CDC.

Please contact Meredith Drescher 910-270-1477 or faithform@ascnc.org with additional questions on how to enroll this faith formation year.
